Fieldwork, Inc. · Brooklyn, NY · March 2025

**To whom it may concern,**

I managed Alex Rivera at Fieldwork for almost three years. Alex is the designer I trust with the problems nobody has framed yet.

Alex mentored our two junior designers through their first year and set up the weekly design review we still run every Thursday. When we moved three product teams onto one shared Figma library, Alex led the migration and wrote the contribution guide.

Alex would be an asset to any team. I recommend Alex without reservation.
