EXPERIENCE

Lumen Health · Senior Product Designer **2022 – present**

- Cut new-patient onboarding from 11 minutes to 4 by redesigning intake as a three-step flow tested with 24 patients.
- Raised appointment rebooking 31% with a reminder system designed with the scheduling team.
- Saved engineers ~6 hours a week by building a token-based design system adopted across 4 products.

Parcel · Product Designer **2019 – 2022**

- Lifted checkout conversion 12% after replacing a five-page form with a single editable summary.
- Halved support tickets about delivery windows with a live map designed from 300 tickets of research.

EDUCATION

University of Illinois · BFA Design **2019**
